

Date of Birth(Year/Month/Date)

To convert the Japanese calendar year into the Gregorian calendar year:

If Japanese character “昭和” appears,add 1925 to the Arabic number following the character

For example indicates “昭和” 50+1925=1975, 1975/JUN/1

If Japanese character “平成元年” appears, year of birth is 1988

If Japanese character “平成” appears,add 1988 to the Arabic number following the character

To convert the Japanese calendar year into the Gregorian calendar year: Add 1988. 24+1988=2012, indicating year of expiry of 2012. In this case, Date of expiry is 2012/JUL/01.

Permanent Domicile(*)

Japanese driving licenses are being gradually converted into cards including IC chips. Therefore actually there exist two types of licenses:

- (1)Driving licenses with IC chip and (2)Driving licenses without IC chip
- (1)In case of Driving license with IC chip there is no indication of Permanent Domicile, since the IC chip incorporate information on Permanent Domicile
- (2)In case of Driving license without IC chip there is an indication of Permanent Domicile
